

# FloSports Data Insights Case Study

Portfolio Project by [Your Name]

August 09, 2025

## Executive Summary

No executive summary available yet.

## Phase 1: Project Setup

No summary available for this phase.

No chart available for this phase.

## Phase 2: Exploratory Data Analysis

No summary available for this phase.

No chart available for this phase.

### Phase 3: A/B Testing

No summary available for this phase.

No chart available for this phase.

## Phase 4: Demand Forecasting

No summary available for this phase.

No chart available for this phase.

## Phase 5: Survey Analysis

No summary available for this phase.

No chart available for this phase.

## Conclusion

This case study compiles all completed phases of the FloSports Data Insights project. Missing sections indicate areas for future work or ongoing analysis. The combination of exploratory analysis, experimentation, forecasting, and survey insights demonstrates a broad range of data analysis skills relevant to sports analytics.
